for teachers and principals**

*Chinese Good Teachers Online Platform :
Internet + Teacher Professional Development Mode Innovation*

100%

中国未来
乡村学校计划
FUTURE RURAL SCHOOLS OF CHINA

More than 80 learning centers have been set up, covering 31 provinces, cities and autonomous regions.

500 online courses have been developed relying on rich educational resources of BNU and modern information technology.

2030 Plan is grounded in rural areas and based on the theory of systematic reform, which aims to enable principals, teachers and students to gradually prepare schools with the ability of endogenous reforms and developments and turn schools into the paradise facilitating children's and teachers growth and development.
